EDUCATION

University of Central Florida *FL*
Bachelor of Science in Computer Science *2024 – 2026*

Valencia College *FL*
Associate in Arts in General Studies *2022 – 2024*

EXPERIENCE

Cashier *July 2024 - Present*
Whole Foods

Shift Lead *November 2021 – December 2023*
Kelly's Homemade Ice Cream / Foxtail Coffee
- Delivered outstanding customer service, ensuring a welcoming environment for all visitors.
- Managed inventory and performed daily restocking to maintain product availability.
- Demonstrated product knowledge by assisting customers with inquiries and providing recommendations.
- Excelled at register and efficient, personable checkouts.

PROJECTS

Predicting Sea Level Rise with NASA Data and C Code | *C* *Nov 2023*
- Predicted global mean sea levels from 2020 to 2050 using NASA's sea level data (1993 to present).
- Extracted and processed historical sea level data.
- Implemented the solution using arrays and loops to calculate predictions.
- Created plots to illustrate historical data and future predictions.
- Calculated average annual change in sea level.
- Graphed a linear model to project future sea levels.
- View project on GitHub: sealevels.c

TECHNICAL SKILLS

Languages: Java, Typescript, Javascript, C, HTML
Frameworks: NextJS, tRPC
Developer Tools: Drizzle ORM, Tailwind CSS, NextAuth.js, Git, VS Code, Visual Studio

LEADERSHIP AND EXTRACURRICULAR ACTIVITIES

Knight Hacks UCF *2024 – 2026*
